Narratives

Original Narrative

07/17/2018 04:52:17

On 07/16/18 at approximately 2045 hours, I was dispatched to a CPR in progress at Cascade Behavioral located at 12844 military Rd S #309. I arrived on scene and with Tukwila Fire and contacted room #309.

In the room I observed staffing at the listed address performing CPR and using an AED on the deceased (later identified through medical staff as [REDACTED]). Tukwila Fire took over CPR and Medic One arrived shortly after. I stood by and provided scene security due to the room being in a psyche ward. [REDACTED] was moved from out of her room into the hallway for medics to continue life saving measures. Medic one called time of death at 2107 hours. [REDACTED] was moved back into her room.

I contacted King County Medical Examiner (ME) and was informed an ME would be taking custody of [REDACTED] for further investigation. While on scene I spoke to RN [REDACTED]. [REDACTED] stated he came into [REDACTED] room to give her medication identified as Metformin. [REDACTED] stated he did not check [REDACTED] blood pressure prior to administering the dose of Metformin. One of Medic One staff stated that [REDACTED] should have taken blood pressure prior to the dose. [REDACTED] stated [REDACTED] did not want to leave her room to get dinner, [REDACTED] informed her that she had to get up to get her dinner because they would not bring it to her room.

[REDACTED] did not show up to eat dinner and was checked on at approximately 2030 to be given her nightly dose of Insulin. At that time [REDACTED] found [REDACTED] unresponsive and laying on her bed. Staffing then began

life saving measures.

Medical staff stated that [REDACTED] has a roommate identified by staff as [REDACTED] [REDACTED]. Staffing stated that [REDACTED] had not been in the room all night.

Medical staffing stated [REDACTED] suffered from acute sycoses, obesity, type 2 Diabetes, and others. I was provided with a medical history which was given to the ME upon her arrival. The ME provided me with ME# 18-01445. I stood by with the ME. I photographed the scene and uploaded the videos to evidence.com. The ME took custody of [REDACTED] and transported her off scene.

I have no further information.
